

Benefits to You

- Online training can cost up to 93 percent less* than instructor-led courses and all employees are taught the same, correct information
- Reduces travel costs, time out of office and instructor costs
- Complements instructor-led training to reinforce important topics
- Produces a 60 percent faster* learning curve than instructor-led training alone
- Achieves a retention rate of 25 to 60 percent higher*, making e-learning more valuable for employees
- Relevant and timely courses are career specific and consistently updated
- Courses are challenging and use a combination of audio, video and text driven course work that includes quizzes and final exams
- Allows administrator and supervisors to monitor utilization and completion

Benefits to Your Employees

- Convenience - use it 24/7 from any PC or laptop with a high-speed Internet connection
- Brings learning to people instead of people to learning
- It is easy for anyone to use
- Help is just a phone call or “click” away
- Allows user to bookmark course in case of interruption
- User can print their own completion certificate

The VML Insurance Programs Online University is a wise use of resources, saving both time and travel.

Course Options

The VML Insurance Programs Online University is built around five online workplaces - Public Safety; Public Works; Parks and Recreation; Office; and Schools -each offering courses defined as:

VML Core - Those courses identified as having a direct, positive impact on job duties or relational skills for most employees within a municipal workplace.

VML Continuing Education - Those courses identified as having a direct, positive impact on job duties or relational skills for some employees within a municipal workplace.

VML Elective - Those courses available that are outside the suite of courses currently provided by VML Insurance Programs.

Course Availability

All VML Core and VML Continuing Education courses are available for use when an organization purchases a block of courses.

Additional courses will be added to the VML Insurance Programs Online University periodically. Check www.vmlins.org for course updates.

For customer service please contact VML Insurance Programs at 1-800-963-6800.
