

YourCISO

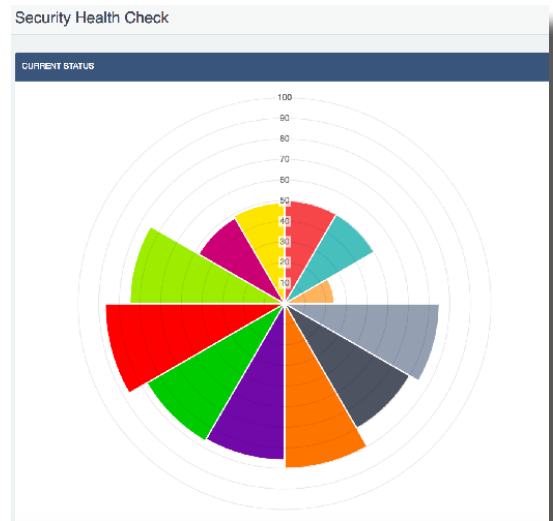

RISK BASED SECURITY

Has your organization performed a security health check to assess your **cyber vulnerabilities**?

Your organization has access to a **FREE** security health check through YourCISO, a product of Risk Based Security provided by VML Insurance Programs.

YourCISO provides information security resources and consulting services, including:

- Security health check;
- Access to expert consulting;
- The latest news in cyber security;
- Sample security policies and training;
- Incident response assistance; and much more.

For login information and to sign-up,
contact VMLIP Director of Member Services
Marcus Hensel at: (800) 963-6800 or: mhensel@vmlins.org
