

VRSA

Virginia Risk Sharing Association

Risk Services

The Virginia Risk Sharing Association (VRSA) provides safety consultative services as well as a wide variety of tools to help members develop, implement and maintain effective risk management programs.

Experienced safety consultants are available to provide on-site consultation and facility assessments, program and policy review, and free risk management trainings and workshops held on-site, online and regionally.

Additional services include 24/7 access to a variety of FREE online and e-services, including:

- VRSA Online University web-based training;
- Risk Management Guideline (RMG) assessment tool;
- Training and reference resources;
- Webinars and regional risk management workshops;
- Sample policies on a wide range of topics; and
- Bulletins for use in training and risk management communications.

Training Resources: VRSA offers a variety of consulting services, programs, resources and training - both online and in person - designed to maximize our members' risk management

- | | | |
|---|----------------------------------|------------------------------|
